

BUSINESS INTELLIGENCE FOR LAW FIRMS

Access critical corporate governance, gain market intelligence and insights into public companies, industries and law firm peers.

With Audit Analytics' hard-to-get data, analysis and intelligence law firms can:

- Quickly access and understand complex corporate governance issues
- Isolate early stages of financial reporting stress, red flags and irregularities
- Enhance "know-your-customer" focused initiatives
- Benchmark common risks across industry segments, companies and timeframes

The Law Firm Intelligence subscription optimizes your time with comprehensive databases of actionable intelligence, expert analysis, and timely customizable email alerts.

- Monitor year over year financial reporting risks with links directly to the expert analysis of each event
- Boost productivity with custom alerts on actionable intelligence based on your needs
- Save time and resources by having critical information in one place

Audit Analytics is used by most of the AMLAW top 20 to proactively monitor the quality of financial reporting of public companies, help identify companies on the cusp of becoming financially distressed, as well as ramping up internal capabilities to advise on corporate governance issues.
