Our data offerings

Accounting + Oversight

Designed to illuminate the big picture of the audit and regulatory environment. Gain insight into audit and accounting quality, trends in PCAOB inspections, shareholder satisfaction with auditors and more.

Audit + Compliance

Track and understand customer and competitor activities and trends related to audit, regulatory and issues. The Audit + Compliance module addresses core informational demands for a variety of research needs including market intelligence, due diligence, benchmarking, compliance monitoring and trend analysis.

Funds + Securities

The Funds + Securities module is a new Ideagen Audit Analytics bundle designed to give users further insight into funds and securities registered with the SEC.

Other Independent Audits (OIA)

Bring into focus hundreds of thousands of audits of non-public entities. Comprising two separate modules - Financial Services and Government & Non-Profit - this product covers a number of boutique industries, from broker dealers to benefit plans. These tools can help identify market and engagement opportunities.

Canada (SEDAR)

Provides detailed research and expert analysis on nearly 4,000 Canadian public companies. We process filings required by the Canadian Securities Administrators that are submitted to the online SEDAR database, enabling powerful and efficient data analytics.

Europe

Provides auditor and audit-related information on public companies and EEA Public Interest Entities (PIEs). Our core offerings include auditor engagements, audit fees, audit opinions, auditor changes, key audit matters (KAMs), transparency reports, and financial restatements.

Data feeds

Integrate Ideagen Audit Analytics data with internal information systems like CRM, compliance and risk management systems. Ideagen Audit Analytics data feeds are designed for easy development of custom applications and dynamic reports.

Custom research

Apply Ideagen Audit Analytics expertise to better understand specific public company disclosure trends and identify new business opportunities. Our analysts and development teams are available to help with custom research projects and expert analysis.
